MAZDA3

INTRODUCTION

CRAFTED BY EXCELLENCE

Experience the next-generation Mazda3 hatchback, which combines a powerful, seductive presence with a sporty appeal, making it appear more like a work of art than a car. Its flowing lines create the illusion of motion, even when stationary. With the sunroof open, immerse yourself in the cityscape and enjoy exhilarating, uninterrupted drives. Ideal for those seeking thrill and style, the Mazda3 is available in the sophisticated 1.5L Dynamic and the powerful 2.0L Astina, offering both style and performance for every journey.

CREATED TO MAKE A MOMENT LAST

The Mazda3 Hatch is a car designed to catch the eye and heart through the aura of its elegance and refinement. The evolution of Mazda's 'KODO – Soul of Motion' design philosophy sees light and shadow shift beautifully across the body. This, combined with the low roof line and wide stance, delivers a powerful presence.

MAZDA3

PERFORMANCE

NEXT-GENERATION MAZDA3, DRIVING IS BELIEVING

The next-generation Mazda3 represents the beginning of a new era for Mazda. A car that takes every element of design, performance and technology beyond anything that comes before. It's a drive you need to feel to believe.

THE EVOLUTION OF SAFETY

True peace of mind is at the forefront of the next-generation Mazda3. A higher concentration of ultra-high tensile steel reinforces the chassis, while a newly developed knee airbag for the driver's seat is not only a first for Mazda, but comes as standard equipment. Paired with the latest in safety technology, like Dynamic Stability Control (DSC), every grade of the next-generation Mazda3 takes safety to another level.

SKYACTIV-G 2.0L

SKYACTIV-G engines offer remarkable fuel efficiency and robust torque across low to mid-range speeds, ensuring linear acceleration and a dynamic driving experience in any scenario. The 2.0L engine produces 121 kW power and 213 Nm torque, with an impressive fuel consumption of just 6.3L per 100 km.

MAZDA3 EXTERIOR

SIMPLICITY IN DESIGN

Each aspect of the Mazda3 is crafted to enhance the bond between driver and vehicle. Embracing a minimalist philosophy, we've designed a cabin that's not just aesthetically pleasing but also supremely functional.

MAZDA3 FEATURES

AN INTUITIVE EXPERIENCE

The next-generation Mazda3 consists of intuitive features that transform your drive into a truly effortless one. The headlamp automatic leveling system, which also complements the vehicle's safety features, adjusts the inclination of the headlamps based on your car load to its height to avoid blinding oncoming traffic. While Mazda never compromises on style, you can enjoy the sunroof with power slide and tilt glass* through the city and country roads. *Sunroof is standard on the Astina model only.

CONNECTED IN EVERY WAY

The Mazda3 elevates the driving experience with its wide sun roof, offering expansive skyward views that bring a sense of openness and freedom to every journey. Complementing this feature, the advanced wing mirror technology includes Blind Spot Monitoring, enhancing both the vehicle's sleek design and safety. This integration boosts visibility and contributes to Mazda's commitment to delivering aesthetic appeal alongside practical functionality. Together, these innovations underscore a dedication to driver safety and sophisticated design.

THE ULTIMATE DRIVER EXPERIENCE

The Mazda3's interior features exquisite black leather, blending comfort with a touch of elegance. The high-quality materials elevate the cabin's ambiance, providing a sophisticated and inviting driving experience. This luxurious design detail enhances every journey, making the Mazda3 a standout in both style and comfort.
